Terry Eagleton's *Literary Theory: An Introduction* is a critical overview of the history of literary theory starting just before the emergence of the Romantic movement in eighteenth-century England and ending with the post-Structuralists in 1970s and 1980s.

Literary Theory: An Introduction Summary & Study Guide

Study skills, academic skill, or study strategies are approaches applied to learning. They are generally critical to success in school, considered essential for acquiring good grades, and useful for learning throughout one's life. Study skills are an array of skills which tackle the process of organizing and taking in new information, retaining information, or dealing with assessments.

New Criticism was a formalist movement in literary theory that dominated American literary criticism in the middle decades of the 20th century. It emphasized close reading, particularly of poetry, to discover how a work of literature functioned as a self-contained, self-referential aesthetic object. The movement derived its name from John Crowe Ransom's 1941 book *The New Criticism*.
