WHY INVEST IN SUSTAINABLE MOUNTAIN DEVELOPMENT

Sustainability is a priority interest for many organizations, and this is especially true at EPA. Sustainability isn’t part of our work “ it’s a guiding influence for all of our work. Learn more about what EPA is doing and what you can do.

Sustainability | US EPA

Marine ecosystems are among the largest of Earth's aquatic ecosystems and are distinguished by waters that have a high salt content. These systems contrast with freshwater ecosystems, which have a lower salt content. Marine waters cover more than 70% of the surface of the Earth and account for more than 97% of Earth's water supply and 90% of habitable space on Earth.

Marine ecosystem - Wikipedia

Sustainability is the process of maintaining change in a balanced fashion, in which the exploitation of resources, the direction of investments, the orientation of technological development and institutional change are all in harmony and enhance both current and future potential to meet human needs and aspirations. For many in the field, sustainability is defined through the following ...
