European and European-American art galleries display African art, but they usually fail to name the artists. They credit tribes or regions with the production of works of art, but rarely were these artifacts created by more than one person. Similarly, they pay scant attention to the history of the regions from which African art emerges.

Traditional African Music

Religious Art, Traditional Art, Sacred Art. Some reflections and definitions. Seyyed Hossein Nasr . It must never be forgotten that the understanding of the spiritual significance of traditional and sacred art, Islamic or otherwise, is of the utmost significance for the existence of authentic religious life since
